PEPTIDES

VOLUME 2 NUMBER 1 SPRING 1981

CONTENTS

Short-term behavioral effects of posterior pituitary peptides in mice. MEISENBERG, G. 1

Further evidence for the neuroleptic-like activity of γ-endorphin. KIRÁLY, I., M. TAPFER, J. BORSY and L. GRÁF 9

Vasopressin release by nicotine in the cat. REAVES, T. A., JR., H. M. LIU, M. QASIM and J. N. HAYWARD 13

Levels of gastrin-cholecystokinin-like immunoreactivity in the brains of genetically obese and non-obese rats. FINKELSTEIN, J. A., A. W. STEGGLES, F. LOTSTRA and J-J. VANDERHAEGHEN 19

Neuropeptides in the gut: Quantification and characterization of cholecystokinin octapeptide-, bombesin- and vasoactive intestinal polypeptide-like immunoreactivities in the myenteric plexus of the guinea-pig small intestine. HUTCHISON, J. B., R. DIMALINE and G. J. DOCKRAY 23

Motilin-antimotilin reaction reveals two antigenic determinants in motilin. CHANG, T.-M., D. R. WAGNER, W. Y. CHEY and H. YAJIMA 31

Cholecystokinin inhibits food intake in genetically obese (C57BL/6J-ob) mice. STROHMAYER, A. J. and G. P. SMITH 39

A *p*-methylbenzhydrylamine resin for improved solid-phase synthesis of peptide amides. MATSUEDA, G. R. and J. M. STEWART 45

Bacterial peptides with C-terminal similarities to bovine neurotensin. BHATNAGAR, Y. M. and R. CARRAWAY 51

Feeding and selection of saccharin after injections of bombesin, LiCl, and NaCl. KULKOSKY, P. J., L. GRAY, J. GIBBS and G. P. SMITH 61

Inhibition of LH-release by synthetic analogues of LH-RH in rat pituitary cell culture. NIKOLICS, K., CH. BIEGLMAYER, J. SPONA, J. SEPRŐDI and I. TEPLÁN 65

Biochemical localization and characterization of bombesin-like peptides in discrete regions of rat brain. MOODY, T. W., T. L. O'DONOHUE and D. M. JACOBOWITZ 75

Avian pancreatic polypeptide (APP) immunoreactive neurons in the spinal cord and spinal trigeminal nucleus. HÖKFELT, T., J. M. LUNDBERG, L. TERENIUS, G. JANCSÓ and J. KIMMEL 81

Tobacco mosaic virus-enkephalin conjugates: Potentiation of opioid activity. KRIWACZEK, V. M., R. SCHWYZER, M. G. C. GILLAN, S. J. PATERSON and H. W. KOSTERLITZ 89

Release of alpha-melanocyte stimulating hormone into rat and human cerebrospinal fluid *in vivo* and from rat hypothalamus slices *in vitro*. O'DONOHUE, T. L., C. G. CHARLTON, N. B. THOA, C. J. HELKE, T. W. MOODY, A. PERT, A. WILLIAMS, R. L. MILLER and D. M. JACOBOWITZ 93

Comparison of biological and behavioral activities of alpha- and gamma-melanocyte stimulating hormones. O'DONOHUE, T. L., G. E. HANDELMANN, Y. P. LOH, D. S. OLTON, J. LEIBOWITZ and D. M. JACOBOWITZ 101

Effect of L-prolyl-L-leucyl-glycinamide (PLG) on neuroleptic-induced catalepsy and dopamine/neuroleptic receptor bindings. CHIU, S., C. S. PAULOSE and R. K. MISHRA 105

ANNOUNCEMENTS 113

PEPTIDES

VOLUME 2 NUMBER 2 SUMMER 1981

CONTENTS

Melanotrophin-potentiating factor (MPF) potentiates MSH-induced melanogenesis in hair follicle melanocytes. LOGAN, A., R. J. CARTER, S. SHUSTER, A. J. THODY and B. WEATHERHEAD 121

α-Melanocyte stimulating hormone and the release of sex attractant odors in the female rat. THODY, A. J., S. M. DONOHOE and S. SHUSTER 125

Effects of TRH and PS-24 on colonic temperature and motor activity of rats: Possible role of dopamine. YEHUDA, S. and M. B. H. YOUDIM 131

TRH and histidyl-proline diketopiperazine inhibit cholesterol synthesis in dog intestine. GEBHARD, R. L., J. E. MORLEY, W. F. PRIGGE, M. W. GOODMAN and C. PRASAD 137

α-MSH at physiological concentrations stimulates "late pathway" steroid products in adrenal zona glomerulosa cells from sodium restricted rats. VINSON, G. P., B. J. WHITEHOUSE and A. J. THODY 141

Purification and characterization of human converting enzyme (kininase II). STEWART, T. A., J. A. WEARE and E. G. ERDÖS 145

Neuropeptides in the retina: Evidence for differential topographical localization. ERIKSEN, E. F. and L.-I. LARSSON 153

Conversion of Met-enkephalin-Arg^6-Phe^7 by a purified brain carboxypeptidase (cathepsin A). MARKS, N., L. SACHS and F. STERN 159

The influence of indomethacin on vasodilator responses to bradykinin and nitroglycerin in the cat. LIPPTON, H. L., B. M. CHAPNICK, A. L. HYMAN, F. L. GLASS and P. J. KADOWITZ 165

Differential neurobehavioral effects of neurotensin and structural analogues. JOLICOEUR, F. B., A. BARBEAU, F. RIOUX, R. QUIRION and S. ST-PIERRE 171

Hypothermic and antipyretic effects of centrally administered ACTH (1–24) and α-melanotropin. GLYN, J. R. and J. M. LIPTON 177

Effects of L-prolyl-L-leucyl-glycinamide (MIF-I) on some neurotransmitter-receptor interactions. DICKINSON, S. L. and P. SLATER 189

Neuromuscular response of the immature rat to ACTH/MSH 4–10. SMITH, C. M. and F. L. STRAND 197

Central neural peptides and catecholamines in spontaneous and DOCA/salt hypertension. MORRIS, M., J. A. WREN and D. K. SUNDBERG 207

Action of selected serotonin antagonists on hyperthermia evoked by intracerebrally injected β-endorphin. MARTIN, G. E., C. B. BACINO and N. L. PAPP 213

***In vitro* LHRH release: Correlation with the LH surge and alteration by a mammary carcinogen.** KERDELHUE, B. and E. J. PECK, JR. 219

BRIEF COMMUNICATIONS

Cholecystokinin and enkephalin levels following ethanol administration in rats. RYDER, S., E. STRAUS, C. S. LIEBER and R. S. YALOW 223

Time of injection determines the effect of α-MSH antiserum on DA neurons in psychological stress. MONNET, F. and W. LICHTENSTEIGER 227

Intraventricular administration of MSH induces hyperalgesia in rats. SANDMAN, C. A. and A. J. KASTIN 231

ANNOUNCEMENTS 235

PEPTIDES

VOLUME 2 NUMBER 3 FALL 1981

CONTENTS

REM sleep induction in prepubertal boys by vasotocin: Evidence for the involvement of serotonin containing neurons. PAVEL, S., R. GOLDSTEIN, M. PETRESCU and M. POPA 245

LH-RH antagonists: Further analogs with ring-substituted aromatic residues. ERCHEGYI, J., D. H. COY, M. V. NEKOLA, E. PEDROZA, E. J. COY, I. MEZO and A. V. SCHALLY 251

Contrasting effects of Org 2766 and α-MSH on social and exploratory behavior in the rat. FILE, S. E. . 255

Peptidergic control of insulin-induced feeding. LEVINE, A. S. and J. E. MORLEY 261

Synthetic peptides related to the dermorphins. I. Synthesis and biological activities of the shorter homologues and of analogues of the heptapeptides. DE CASTIGLIONE, R., F. FAORO, G. PERSEO, S. PIANI, F. SANTANGELO, P. MELCHIORRI, G. FALCONIERI ERSPAMER, V. ERSPAMER and A. GUGLIETTA 265

Development of enkephalinergic neurons in the gut of the chick. EPSTEIN, M. L., I. LINDBERG and J. L. DAHL 271

TRH in the rat cerebellum: I. Distribution and concentration. PACHECO, M. F., J. F. McKELVY, D. J. WOODWARD, C. LOUDES, P. JOSEPH-BRAVO, L. KRULICH and W. S. T. GRIFFIN 277

TRH in the rat cerebellum: II. Uptake by cerebellar slices. PACHECO, M. F., D. J. WOODWARD, J. F. McKELVY and W. S. T. GRIFFIN 283

Opiate binding properties of naturally occurring N- and C-terminus modified beta-endorphins. AKIL, H., E. YOUNG, S. J. WATSON and D. H. COY 289

Effects of β-endorphin on body temperature in mice at different ambient temperatures. BLOOM, A. S. and L.-F. TSENG 293

Regional distributions of somatostatin and cholecystokinin-like immunoreactivities in rat and bovine brain. BARDEN, N., Y. MÉRAND, D. ROULEAU, S. MOORE, G. J. DOCKRAY and A. DUPONT 299

Minimum structure opioids—Dipeptide and tripeptide analogs of the enkephalins. VAVREK, R. J., L.-H. HSI, E. J. YORK, M. E. HALL and J. M. STEWART 303

The distribution of bovine pancreatic polypeptide-like immunoreactive neurons in rat brain. OLSCHOWKA, J. A., T. L. O'DONOHUE and D. M. JACOBOWITZ 309

Evidence that N-acetylation regulates the behavioral activity of α-MSH in the rat and human central nervous system. O'DONOHUE, T. L., G. E. HANDELMANN, T. CHACONAS, R. L. MILLER and D. M. JACOBOWITZ 333

Selective effects of α-MSH and MIF-1 on the blood-brain barrier. SANKAR, R., F. R. DOMER and A. J. KASTIN 345

REVIEW

Endogenous opiates: 1980. OLSON, G. A., R. D. OLSON, A. J. KASTIN and D. H. COY . 349

BRIEF COMMUNICATION

β-Endorphin-induced hyperthermia in the cat. CLARK, W. G. and G. L. BERNARDINI ... 371

ERRATUM 375

ANNOUNCEMENT 376

PEPTIDES

VOLUME 2 NUMBER 4 WINTER 1981

CONTENTS

Influence of sulfated and unsulfated cholecystokinin octapeptide on conditioned feeding behaviour in rats. FEKETE, M., M. BALÁZS, B. PENKE and G. TELEGDY 385

Effects of β-(Tyr⁹)melanotropin-(9–18) decapeptide on passive and active avoidance behavior and on open-field activity of rats. VÉCSEI, L., G. TELEGDY, A. V. SCHALLY and D. H. COY 389

The effect of LHRH antagonist analogs and an antibody to LHRH on mating behavior in female rats. DUDLEY, C. A., W. VALE, J. RIVIER and R. L. MOSS 393

Effect of beta-endorphin on the thermal excitability of preoptic neurons in the unanesthetized rabbit. GORDON, C. J. and J. E. HEATH 397

Cardiopulmonary pharmacology of enkephalins in the conscious dog. SANDER, G. E., T. D. GILES, A. J. KASTIN, A. C. QUIROZ, A. KANEISH and D. H. COY 403

Abdominal vagotomy does not block the satiety effect of bombesin in the rat. SMITH, G. P., C. JEROME and J. GIBBS 409

Central and peripheral injections of ACTH (1–24) reduce fever in adrenalectomized rabbits. ZIMMER, J. A. and J. M. LIPTON 413

The effect of fever on central α-MSH concentrations in the rabbit. SAMSON, W. K., J. M. LIPTON, J. A. ZIMMER and J. R. GLYN 419

In vivo and in vitro release of ACTH by synthetic CRF. TURKELSON, C. M., A. ARIMURA, M. D. CULLER, J. B. FISHBACK, K. GROOT, M. KANDA, M. LUCIANO, C. R. THOMAS, D. CHANG, J. K. CHANG and M. SHIMIZU 425

Cholecystokinin and bombesin act independently to decrease food intake in the rat. STEIN, L. J. and S. C. WOODS 431

Arginine Vasotocin: Effects on open field behavior, whole brain monoamines and plasma corticosterone. GOLUS, P. and M. G. KING 437

The specificity of angiotensin II receptor binding in rat brain. COLE, F. E., H. L. BLAKESLEY, K. A. GRACI, E. D. FROHLICH and A. A. MACPHEE 441

Tritium labeling of gonadotropin releasing hormone in its proline and histidine residues. KLAUS-CHENZ, E., M. BIENERT, H. EGLER, U. PLEISS, H. NIEDRICH and K. NIKOLICS 445

Unique amino terminal structure of rat little gastrin. REEVE, J. R., JR., R. DIMALINE, J. E. SHIVELY, D. HAWKE, P. CHEW and J. H. WALSH 453

Radioimmunoassay of arginine vasopressin, oxytocin and arginine vasotocin-like material in the human pineal gland. GEELEN, G., A. M. ALLEVARD-BURGUBURU, G. GAUQUELIN, Y. Z. XIAO, J. FRUTOSO, Cl. GHARIB, B. SEMPORE, C. MEUNIER and G. AUGOYARD 459

Identification, characterization and distribution of motilin immunoreactivity in the rat central nervous system. O'DONOHUE, T. L., M. C. BEINFELD, W. Y. CHEY, T.-M. CHANG, G. NILAVER, E. A. ZIMMERMAN, H. YAJIMA, H. ADACHI, M. POTH, R. P. McDEVITT and D. M. JACOBOWITZ 467

Mapping of motilin-immunoreactive neurons of the rat brain. JACOBOWITZ, D. M., T. L. O'DONOHUE, W. Y. CHEY and T.-M. CHANG 479

Opiate peptides modulate somatostatin release from dispersed hypothalamic cells. MOLDOW, R. L. and C. S. HOLLANDER 489

BRIEF COMMUNICATION

Presence and localization of immunoreactive luteinizing hormone-releasing hormone (LHRH) within the olfactory bulbs of adult male and female rats. DLUZEN, D. E. and V. D. RAMIREZ ... 493

INDEX TO VOLUME 2 497

PEPTIDES

Second Annual Winter Neuropeptide Conference

Supplement to *Peptides An International Journal*

CONTENTS

Introduction. SANDMAN, C. A. and L. H. MILLER 1

Localization and opiate receptor binding of enkephalin, CCK and ACTH/β-endorphin in the rat central nervous system. STENGAARD-PEDERSEN, K. and L.-I. LARSSON 3

Cholecystokinin receptors in brain: Effects of obesity, drug treatment, and lesions. HAYS, S. E., F. K. GOODWIN and S. M. PAUL 21

Inhibition of opiate receptor binding by zinc ions: Possible physiological importance in the hippocampus. STENGAARD-PEDERSEN, K., K. FREDENS and L.-I. LARSSON 27

Neurotensin: First report of a cortical pathway. ROBERTS, G. W., T. J. CROW and J. M. POLAK . 37

Secretin immunoreactivity in rat and pig brain. CHARLTON, C. G., T. L. O'DONOHUE, R. L. MILLER and D. M. JACOBOWITZ 45

Co-localization of neurophysin- and enkephalin-like immunoreactivity in cat pituitary. COULTER, H. D., R. P. ELDE and S. L. UNVERZAGT 51

Presence of leucine-enkepahlin in organotypic explants of fetal mouse spinal cord. NAFTCHI, N. E., S. J. ABRAHAMS, S. M. CRAIN, E. R. PETERSON, J. M. HILLER and E. J. SIMON . 57

Substance P and leucine-enkephalin changes after chordotomy and morphine treatment. NAFTCHI, N. E., S. J. ABRAHAMS, H. M. ST. PAUL and L. L. VACCA 61

Regional distribution of gamma- and beta-endorphin-like peptides in the pituitary and brain of the rat. DORSA, D. M., L. A. MAJUMDAR and M. B. CHAPMAN 71

Characterization of peptides in human cerebrospinal fluid. HILL, D. F., V. P. WILLIAMS and G. POPJÁK 79

Opioid peptide synthesis in bovine and human adrenal chromaffin cells. WILSON, S. P., K.-J. CHANG and O. H. VIVEROS 83

The effect of naloxone on enkephalin catabolism. HUI, K.-S., Y.-J. WANG, H. TSAI, K.-H. WONG and A. LAJTHA 89

Muscarinic cholinergic influences on ACTH and β-endorphin release mechanisms in human subjects. RISCH, S. C., N. H. KALIN, R. M. COHEN, J. L. WEKER, T. R. INSEL, M. L. COHEN and D. L. MURPHY 95

Modification of the actions of ethanol by centrally active peptides. FRYE, G. D., D. LUTTINGER, C. B. NEMEROFF, R. A. VOGEL, A. J. PRANGE, JR. and G. R. BREESE 99

Neurotropic action of MSH/ACTH 4–10 on neuromuscular function in hypophysectomized rats. GONZALEZ, E. R. and F. L. STRAND 107

Behavioral and hormonal effects of prolonged high doses of LHRH in male impotency. EHRENSING, R. H., A. J. KASTIN and A. V. SCHALLY 115

Neuropeptide modulation of social and exploratory behaviors in laboratory rodents. CRAWLEY, J. N., S. E. HAYS, T. L. O'DONOHUE, S. M. PAUL and F. K. GOODWIN 123

Differential effects of neuropeptides on short-term memory in primates. OLSON, G. A., R. ROIG-SMITH, M. D. MAUK, G. J. LAHOSTE, D. H. COY, C. W. HILL and R. D. OLSON 131

Effects of α-MSH and β-endorphin on startle reflex in rat. HOEHLER, F. K. and C. A. SANDMAN 137

α-MSH, MIF-I and melatonin: Effects on novelty-induced defecation, plasma 11-OHCS and central catecholamines in rats. DATTA, P. C. and M. G. KING 143

Effects of melatonin on startle reflex in rat. DATTA, P. C., F. K. HOEHLER and C. A. SANDMAN 155

Effects of MIF-I and sex differences on tonic immobility duration in the lizard, *Anolis carolinensis*. CASHNER, F. M., R. D. OLSON, D. G. ERICKSON and G. A. OLSON 161

SUBJECT INDEX 167

PEPTIDES

The Brain-Gut Axis: A New Frontier

Supplement to *Peptides An International Journal*

CONTENTS

Dedication 1

An appreciation of the work of Vittorio Erspamer. MUTT, V. 3

The brain-gut-skin triangle: New peptides. ERSPAMER, V., P. MELCHIORRI, M. BROCCARDO, G. FALCONIERI ERSPAMER, P. FALASCHI, G. IMPROTA, L. NEGRI and T. RENDA 7

Peptide hormones in strange places—are they there? YALOW, R. S. and J. ENG 17

Vertebrate brain-gut peptides related to FMRFamide and Met-enkephalin Arg^{6}Phe^7. DOCKRAY, G. J., C. VAILLANT, R. G. WILLIAMS, R. J. GAYTON and N. N. OSBORNE . 25

Demonstration of carboxyl-terminal PP-like peptides in endocrine cells and nerves. VAILLANT, C. and I. L. TAYLOR 31

The amino acid sequence of porcine gilcentin. THIM, L. and A. J. MOODY 37

Bioactive enteroglucagon (oxyntomodulin): Present knowledge on its chemical structure and its biological activities. BATAILLE, D., C. GESPACH, K. TATEMOTO, J. C. MARIE, A. M. COUDRAY, G. ROSSELIN and V. MUTT 41

Radioimmunoassay of dermorphin-like peptides in mammalian and non-mammalian tissues. NEGRI, L., P. MELCHIORRI, G. FALCONIERI ERSPAMER and V. ERSPAMER 45

Brain regulation of gastric acid secretion in rats by neurogastrointestinal peptides. TACHÉ, Y., W. VALE, J. RIVIER and M. BROWN 51

The satiety effect of cholecystokinin: A progress report. SMITH, G. P., J. GIBBS, C. JEROME, F. X. PI-SUNYER, H. R. KISSILEFF and J. THORNTON 57

Structural requirements of ceruletide-like peptides for activity on gut and brain. DE CASTIGLIONE, R. 61

Central effects of ceruletide analogues. ZETLER, G. 65

Effects of ceruletide on pituitary-hypothalamic peptides and on emotion in man. BASSO, N., A. MATERIA, V. D'INTINOSANTE, A. GINALDI, V. PONA, P. REILLY, S. RUGGERI and M. FIORAVANTI 71

Cholecystokinin in the central nervous system. BEINFELD, M. C., D. K. MEYER and M. J. BROWNSTEIN 77

Cholecystokinins in the central nervous system and neurohypophysis. VANDERHAEGHEN, J. J., F. LOTSTRA, G. VIERENDEELS, C. GILLES, C. DESCHEPPER and P. VERBANCK 81

Nature of immunoreactive CCK in rat and pig brain. STRAUS, E., S. RYDER, J. ENG and R. S. YALOW 89

Cholecystokinin-like immunoreactivity in frog retina: Localization, characterization, and biosynthesis. YAMADA, T., N. BRECHA, G. ROSENQUIST and S. BASINGER 93

Gastrin-like peptide in the amphibian brain: An immunohistochemical study. DOERR-SCHOTT, J. and J.-C. GARAUD 99

Blood-brain barrier permeability to peptides: Pitfalls in measurement. OLDENDORF, W. H. .. 109

Cholecystokinin octa- and tetrapeptide degradation by synaptic membranes. I. Evidence for competition with enkephalins for in vitro common degradation pathways. DESCHODT-LANCKMAN, M. and N. D. BUI 113

Branching patterns and projections of enteric neurons containing putative transmitters. FURNESS, J. B., M. COSTA and I. J. LLEWELLYN-SMITH 119

Evolutionary aspects of "brain-gut peptides": An immunohistochemical study. FUJITA, T., R. YUI, T. IWANAGA, J. NISHIITSUTSUJI-UWO, Y. ENDO and N. YANAIHARA 123

The peripheral substance P-ergic system. POLAK, J. M. and S. R. BLOOM 133

VIP immunoreactivity in enteric nerves and endocrine cells of the vertebrate gut. REINECKE, M., P. SCHLÜTER, N. YANAIHARA and W. G. FORSSMANN 149

Linkage of the brain-skin-gut axis: Islet cells originate from dopaminergic precursors. TEITELMAN, G., T. H. JOH and D. J. REIS 157

Bombesin analogs: Effects on thermoregulation and glucose metabolism. MÄRKI, W., M. BROWN and J. E. RIVIER 169

Effects of peripheral and central bombesin on feeding behavior of rats. GIBBS, J., P. J. KULKOSKY and G. P. SMITH 179

Immunoreactive GRP. YANAIHARA, N., C. YANAIHARA, T. MOCHIZUKI, K. IWAHARA, T. FUJITA and T. IWANAGA 185

Bombesin stimulates human gastric function by gastrin-dependent and independent mechanisms. WALSH, J. H., V. MAXWELL, J. FERRARI and A. A. VARNER 193

The effect of bombesin on gastric emptying of solids in man. SCARPIGNATO, C., B. MICALI, F. VITULO, G. ZIMBARO and G. BERTACCINI 199

Action of substance P and its natural analogs on the circular muscle of the guinea pig ileum. BERTACCINI, G. and L. ZAPPIA 205

Additional observations on cholecystokinin and the vasoactive intestinal polypeptide. MUTT, V. .. 209

Nervous control of gastro-pancreatic somatostatin secretion in pigs. HOLST, J. J., C. SOTTIMANO, M. OLESEN, S. L. JENSEN and O. V. NIELSEN 215

Neurohormonal control of gastrointestinal motor activity in conscious dogs. ITOH, Z., M. NAKAYA and T. SUZUKI 223

Motilin and gallbladder: New dimensions in gastrointestinal physiology. SUZUKI, T., I. TAKAHASHI and Z. ITOH 229

Comparison of TRH and anorexigenic peptide on food intake and gastrointestinal secretions. KONTUREK, S. J., J. TASLER, J. JAWOREK, M. DOBRZAŃSKA, D. H. COY and A. V. SCHALLY 235

Actions of GIP. BROWN, J. C., M. DAHL, S. KWAUK, C. H. S. McINTOSH, S. C. OTTE and R. A. PEDERSON 241

Secretin binding sites coupled with adenylate cyclase in rat fundic membranes. GESPACH, C., D. BATAILLE, N. VAUCLIN, G. ROSSELIN, L. MORODER and E. WÜNSCH 247

PEPTIDES

Comparison of VIP-secretin receptors in rat and human lung. CHRISTOPHE, J., P. CHATELAIN, G. TATON, M. DELHAYE, M. WAELBROECK and P. ROBBERECHT 253

Cholecystokinin and gallbladder contraction: Effect of infusion. BYRNES, D. J., T. BORODY, G. DASKALOPOULOS, M. BOYLE and J. BENN 259

Elevation of plasma neurotensin during lipid perfusion of rat small intestine. FERRIS, C. F., R. H. HAMMER and S. E. LEEMAN 263

Role of nutrients in the gastrointestinal release of immunoreactive neurotensin. GO, V. L. W. and P. DEMOL 267

Somatostatin in human pancreatic and gastric juice. ARIMURA, A., K. GROOT, T. TAMINATO, A. ERTAN, K. AKDAMAR, J. RYAN, K. PIENTA and A. I. VINIK 271

Substance P in tumors: Pheochromocytoma and carcinoid. GAMSE, R., A. SARIA, A. BUCSICS and F. LEMBECK 275

Antral gastrin and somatostatin concentrations in peptic ulcer patients. SUMII, K., T. FUKUSHIMA, K. HIRATA, Y. MATSUMOTO, E. SANUKI, S. TSUMARU, M. SUMIOKA, A. MIYOSHI and Y. MIYACHI 281

SUBJECT INDEX 285
